MUSCULOSKELETAL TUMOR SOCIETY

ABOUT

MUSCULOSKELETAL TUMOR SOCIETY (MSTS)

The Musculoskeletal Tumor Society is comprised of more than 500 Musculoskeletal Tumor Oncologists and holds at least two meetings a year, the Annual Meeting and Specialty Day Course held during the American Academy of Orthopaedic Surgeons' Annual Meeting.

2019 MSTS Annual Meeting will occur Wednesday, October 2 through Friday, October 4, 2019 at Marriott Portland Downtown Waterfront in Portland, Oregon. 2020 MSTS Specialty Day will occur on Saturday, March 28, 2020 in Orlando, Florida. In addition, MSTS will periodically hold special symposia and other educational events.

The MSTS develops and maintains a competitive, clinically relevant, research program for the advancement of knowledge in musculoskeletal oncology and your support helps drive these efforts. Through research and education, the Society is able to develop better outcomes for patients afflicted with a variety of aggressive diseases that not only have the potential to threaten patients' quality of life and function, but can also in many cases be quite deadly. MSTS members have demonstrated academic and research prowess in order to enter the ranks of the Society. MSTS partners with other organizations and disciplines such as medical and pediatric oncology, radiation therapy and full time laboratory investigators to unlock the mysteries of the diseases treated.

The MSTS has nine core committees: Education Committee, Membership Committee, Research Committee, Fellowship Committee, Practice Management Committee, Finance Committee, Annual Meeting Program Committee, Specialty Day Program Committee and the Evidence Based Medicine Committee; all which enable the society to function and serve as resources for the orthopaedic oncology community.

Supporting MSTS is an excellent opportunity to:

- **Enhance** your company's visibility while gaining a more powerful presence and profile with more than 500 Musculoskeletal Tumor Oncologists
- **Drive** traffic to your booth or event
- **Support** research and treatment
- **Position** your company as an industry leader

MSTS MISSION

The Musculoskeletal Tumor Society will advance the science of orthopaedic oncology and promote high standards of patient care through excellence in education and research.

MSTS VISION

The Musculoskeletal Tumor Society will be a recognized authority on all aspects of orthopaedic oncology, an influential participant in policy-making for orthopaedic oncology services, and responsive to the needs of orthopaedic oncologists and their patients.
