

50TH ANNIVERSARY MSTS ANNUAL MEETING

October 29 - 31, 2026

JW Marriott Turnberry Conference Center
Miami, Florida

2026-2027 CORPORATE PARTNER OPPORTUNITIES

Position your company as an
INDUSTRY LEADER

Celebrating
50
YEARS

2027 SPECIALTY DAY MEETING

March, 2027 – Las Vegas, Nevada

ABOUT The Musculoskeletal Tumor Society

The Musculoskeletal Tumor Society holds two meetings a year - the Annual Meeting and Specialty Day Course held during the American Academy of Orthopaedic Surgeons' Annual Meeting bringing more than 400+ US and Global Musculoskeletal Tumor Surgeons and Oncologists together for education. The 2026 Annual Meeting will occur Thursday, October 29, 2026 through Saturday, October 31, 2026 at the JW Marriott Turnberry in Miami, Florida. The 2027 Specialty Day is scheduled to occur in March, 2027 in Las Vegas, Nevada. In addition, MSTS will periodically hold specialty symposia, webinars, and other educational events.

The MSTS develops and maintains a competitive, clinically relevant, research program for the advancement of knowledge in musculoskeletal oncology and your support helps drive these efforts. Through research and education, the Society is able to develop better outcomes for patients afflicted with a variety of aggressive diseases that not only have the potential to threaten patients' quality of life and function, but can also in many cases be quite deadly. MSTS members have demonstrated academic and research prowess in order to enter the ranks of the Society. MSTS partners with other organizations and disciplines such as medical and pediatric oncology, radiation therapy and full time laboratory investigators to unlock the mysteries of the diseases treated.

The MSTS has eleven core committees: Education Committee, Membership Committee, Research Committee, Fellowship Committee, Skeletal Metastases Committee, Practice Management Committee, Finance Committee, Communications Committee, Annual Meeting Program Committee, Specialty Day Program Committee and the Guidelines and Evidence Based Medicine Committee; all which enable the society to function and serve as resources for the orthopaedic oncology community. We also have a very active Advocacy Task Force.

We look forward to advancing the knowledge of our members and engaging with our colleagues from around the world during the 2026 Annual Meeting. We look forward to seeing you!

MSTS Mission

The Musculoskeletal Tumor Society will advance the science of orthopaedic oncology and promote high standards of patient care through excellence in education and research.

MSTS Vision

The Musculoskeletal Tumor Society will be a recognized authority on all aspects of orthopaedic oncology, an influential participant in policy-making for orthopaedic oncology services, and responsive to the needs of orthopaedic oncologists and their patients.

Supporting MSTS is an excellent opportunity to:

- **Enhance** your company's visibility while gaining a more powerful presence and profile with more than 400+ Musculoskeletal Tumor Oncologists
- **Drive** traffic to your booth or event
- **Support** research and treatment
- **Position** your company as an industry leader

***Industry Innovation Leader Symposium Presentations** will be available during the lunch time on Thursday, Friday and Saturday. Recent advances such as, but not limited to, Molecular Oncology, Interventional Procedures, Biologics and Implants will be shared with MSTS Leaders and Attendees. Each lunch may include up to 4 Diamond sponsors and each company will have at least 8 minutes of dedicated presentation time (inclusive of speaking and presentation) in addition to panel discussion and questions and answers. By hosting these lunches in the exhibit hall, we are increasing your audience potential, interactive discussions, and giving greater exposure to your product and company. You will have the ability to choose your representative at the podium and defer to audience team members when questions arise.
